Thank you for always being by my side.
With you, my heart flows like a quiet river.

About River

River 川 is a collection of short texts written by Yoso in Miyazaki, Japan. Fragments and reflections of a daily practice – exploring aspects such as morning meditation, the breath, the warmth of light, and the rhythm of the seasons.

A few lines each, inspirations kept close to the moment they were written, as random as thoughts might seem. Signs or illusions? Each is given a page of its own, to be read slowly, one after another, the way a river reflects light as it moves from one thing to the next.

Wishing you happiness and prosperity.

BEFORE REACHING THE SHORE

Before reaching the shore,
in the quiet sea of abstraction;
seize the mind.

— Yoso

TO FEEL WITH OPENED EYES

To feel with opened eyes,
to listen with the heart,
to speak with truth.

— Yoso

Wind's natural soul...
Leading me into the unknown...
Transcendental flow.

— Yoso

BREATHE IN

Breathe in...
Breathe out...
The energy that connects all forms...
Infinite chains of chemical reactions...
Trillions of cells living within...
What am I?

— Yoso

KIND LOVING LOVE

Kind loving love,
Kind loving love,
Kind loving love.

— Yoso

SUBMISSIVENESS

Submissiveness,
alien to the shining soul,
breathing union is.

— Yoso

I SURRENDER TO THE FLOW

I surrender to the flow...
Reaching the depths of my heart...
Union's Embrace.

— Yoso

SPRING ENERGY

Spring Energy,
Blessing our hearts with auspicious light.
Each blossom, a vow of harmony.
With gratitude, I honour your transience.

— Yoso

AWAKENING MIND

Awakening mind...
That which is conscious...
For the good of sentience.

— Yoso

PRESENT, MINDFUL NOW

Present, mindful now.
Peaceful heart, a quiet mind.
Harmony's embrace.

— Yoso

TO EACH CELL

Hands in prayer,
I bow respectfully to each cell in my body,
and to the life in you.

— Yoso

Heal yourself to heal others,
heal others to heal yourself.

— Yoso

First love, then form.

— Yoso

THERE IS NO GREATER SHOCK IN LIFE THAN BIRTH

There is no greater shock in life than birth,
unable to survive alone,
we believe in independence.
Death is clemency.

— Yoso

EXISTENCE ITSELF

Existence itself...
is death in its essence...
There is no presence without breath.

— Yoso

IN MODERN TIMES

In modern times,
seeking distractions,
we acquire knowledge,
revealing truth,
fearing our instincts.

— Yoso

Within life itself lies the knowledge!
Eternal wisdom,
if only we listened.

— Yoso

END OF SUMMER FULL MOON

End of Summer Full moon,
Bright in the East...
I could feel the cold wind in the morning rise...
Summer afternoon...
Feeling the Rain coming when you set your light...
It took me half a century to recognize, that both the Sun and you...
Made me who I have become...
A modern man seeking revenge on modern civilisation..
For hiding your beauty for so long..
I am back, and choose to celebrate your dance and gentle light, until the last day of my winter...
Let me celebrate many sunrises...

— Yoso

Being One.
Becoming One.
One.

— Yoso

WITH EACH PETAL IN THE WIND

With each petal in the wind,
I vow to dedicate myself to prosperity and harmony for sentient life.

— Yoso

DO NOT LOVE LOVE

Do not love Love,
be love,
love.

— Yoso

THE SPRING AWAKES

The spring awakes,
The Golden Heart is here!
Pure Consciousness.

— Yoso

Your mind is your home.
Bring it light,
bring it air,
bring it love.

— Yoso

WITH EACH BLOSSOM

With each blossom,
I vow to dedicate myself to prosperity and harmony for sentient life.
